

**Erik Brynjolfsson**

**Director**

**Stanford Digital Economy Lab**

**Jerry Yang and Akiko Yamazaki Professor and Senior Fellow, Stanford Institute for Human-Centered AI (HAI)**

Erik Brynjolfsson's research examines the effects of information technologies on business strategy, productivity and performance, digital commerce, and intangible assets. A best-selling author, he writes and speaks to global audiences about these topics.

Erik is the director of the Stanford Digital Economy Lab and the Jerry Yang and Akiko Yamazaki Professor and senior fellow at the Stanford Institute for Human-Centered AI (HAI). He also serves as the Ralph Landau Senior Fellow at the Stanford Institute for Economic Policy Research (SIEPR), professor by courtesy at the Stanford Graduate School of Business and Stanford Department of Economics, and a research associate at the National Bureau of Economic Research (NBER).
